

DISTRICT COUNCIL OF LOWER EYRE PENINSULA

Electricity mains under road reserves

“Working with our Rural & Coastal Communities”

	INF-POL-01 – ELECTRICITY MAINS UNDER ROAD RESERVE	Version No:	2.0
		Issued:	July 2015
		Next Review:	July 2019

Responsibility:	Infrastructure
Minutes reference:	C202 (2)
Applicable Legislation:	Local Government Act 1999, S222
Related Policies/Procedures/Codes:	Application – Alteration of Road
Review Frequency:	Following Council Elections

All installations of electricity across or through road reserves must be undertaken by a qualified and currently licensed electrician in accordance with any relevant legislation and standards.

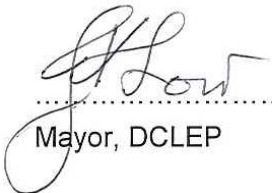

Any request for an installation greater than five (5) metres, must be an extension to the SA Power Networks infrastructure to ensure it is maintained and is shown on Dial B4 U Dig plans.

Any request for installation less than 5 metres in length must first be approved by the Works Manager.
